

DECLARATION OF CONFORMITY

ARTIC INDUSTRIAL QUIMICA SA certifies as a manufacturer:

Paint:

VIALARTIC. Thermoplastic acrylic paint, solvent-based, single component for traffic marking

Intended uses for this Report:

Suitable for application on asphalt or concrete surfaces, therefore very appropriate for horizontal road markings, highways, motorways and cities.

Limitations:

All surfaces must be clean, dry (<4% moisture content on concrete), hard, and cohesive. Do not apply excessive thickness in a single layer, as this will delay the drying of the entire surface.

According to several Standardized Standards related to the functionality of the paint and carrying out several tests in the specialized and accredited laboratories of APLLUS (LGAI TECHNOLOGICAL CENTER), the following results and features are offered:

Essential features	Benefits	Test standard
Slip resistance (with addition of ANTISKID PLUS)	C1, C2 and C3	UNE-EN 16165 Annex C

And to attest to this, this document is issued and signed in Balaguer on October 30, 2025.
